

# The 15<sup>th</sup> International Green Energy Conference (IGEC-XV)

University of Glasgow, Scotland, UK, July 10-13, 2023  
(In-person & online)

---

## About the conference

The International Green Energy Conference (IGEC) is a multi-disciplinary international conference on the use of energy with no or reduced environmental impacts and will provide a forum for the exchange of the latest technical information, for the dissemination of high-quality research results, for the presentation of new developments in the areas of energy and environment, and for the debate and shaping of future directions and priorities in sustainable development and energy security.

The 15<sup>th</sup> International Green Energy Conference (IGEC-XV) will be held at University of Glasgow, UK, July 10-13, 2023. Delegates can participate the conference either in-person or remotely online. For full details visit <https://www.iage-net.org/igec2023>.

## Benefits of sponsoring this international conference

Reach a global audience of specialists working in green energy technologies, from both industry and academia. As a long-standing multi-disciplinary conference series, this event will enable sponsors to access wide energy sectors and raise brand awareness with a promotional campaign to international and UK trade press, and the International Association for Green Energy.

An estimated 150-250 papers will be presented by global experts. The programme will include six cutting-edge plenary speeches and up to eight invited keynote talks. It is anticipated that 300 professionals from industry and academia will take part in the conference. Supporting this international event will provide a showcase for your organisation's role in developing sustainable energy technologies, solutions, and products.

## Sponsorship options

**Platinum Sponsorship Package:** Cost £5000 - with high profile publicity on all conference communications, (website to include your company logo, details and weblink, programmes, badges, brochures, welcome slides etc.), your product literature and promotional item in the conference bag, full page advert in the abstract booklet, three delegate places and one exhibition space.

**Gold Sponsorship Package:** Cost £4000 - with high profile publicity on all conference communications, (website to include your company logo, details and weblink, programmes, badges, brochures, etc), your product literature or promotional item in the conference bag, half page advert in the abstract booklet, two free delegate places and one exhibition space.

**Silver Sponsorship Package:** Cost £3000 – with high profile publicity on all conference communications, (website to include your company logo, details and weblink, programmes, badges, brochures, etc.); your product literature or promotional item in the conference bag and one free delegate place.

**Sponsorship of the Best Student Paper Prizes:** Sole sponsorship £1500, Shared sponsorship £500. (Maximum of three joint sponsors). To encourage young researchers to submit papers and take a more active role in this large international conference, prizes for the best student papers submitted by a student will be offered. Three winners in total.

Sponsors will receive: high profile publicity on conference communications, website to include your company logo, details and weblink, logo in printed programmes and on the conference screens during the presentation of the prizes.

**Exhibition Stand Package:** Cost £1000 (included in Platinum or Gold packages). Exhibition space in the registration and coffee break area where you can display a roller banner style display stand and literature. Your company logo will be displayed on the conference website in the exhibitors' area and have a hot link to your organisation's website. The package includes one full delegate place and one non delegate stand attendee.

Other specific items are also available for sponsorship including **coffee breaks, conference dinner, conference bags, delegate badges, drinks receptions, memory sticks, and delegate gifts.**
